Aims and objectives

Aims and objectives

What are your aims and objectives in providing the regulated activities and locations shown in part 3 of this statement of purpose

Jessamy Platinum Homecare

Aims and Objectives

Jessamy Platinum Homecare aims to provide a first class, high quality, safe, responsive, effective and well-led domiciliary personal homecare service to people in Bolton and the surrounding areas. We also aim to provide enriching and rewarding work opportunities to our team of carefully selected healthcare workers. It is our aim for everyone to be united behind a vision to establish an exceptional care service that we can all be proud of.

Our philosophy is: **Kindness. Love. Care** We believe that by adopting a values-based approach to nurturing and developing our workforce and truly caring for our service users, the outcomes will be happier people who are safe and well cared for.

Owned and operated by our Chief Executive Officer Pauline the business was established after we realized that there was a gap in the market for a service provider offering quality care to elderly people who wanted to remain in their own homes in Bolton and surrounding regions. As an experienced support worker in the community and other establishments, Charles our Co Founder constantly witnessed the devastation failing, low-cost home care was having on people and their families. Unfortunately, care has become a cost driven industry. Local Governments are driving down the cost of care in order to achieve budgets with the result that staff, and services are under pressure to deliver. Jessamy Platinum Homecare believes that the vast majority of failed care is due to this downward pressure on costs. At JPH we don't believe this is right, especially as peoples' lives are at stake! So, as my dad would say "if it is not right, it's wrong". This is why we have decided to take a totally platinum approach providing home care for families to include families with young adults who may be living with physical disability and people with mild mental health needs.

Our aim is to support the Local Authorities in making safer, quicker discharges from hospital, offering more opportunities and options for care to enable people to remain in the comfort of their own homes, for as long as is reasonably practical.

We believe that by adopting a values-based approach to nurturing and developing our workforce and caring for our service users, the outcomes will be happier people who are safe and well cared for in their own homes, supported with Kindness and Love at the forefront. We also continue to provide enriching, rewarding and exciting work opportunities to our team of carefully selected healthcare workers.

We are aware that the current situation with Covid 19 has had a major impact on our health care system and on our elderly population, who have been most vulnerable and at risk due to poor health, risk of isolation, risk of neglect and poor well being, due to the impact of the pandemic. Our aim is to support the NHS in making safer, quicker discharges from hospital, offering more opportunities and options for care to enable people to remain in the comfort of their own homes, for as long as is reasonably practical, as well as to be able to meet people's needs prior to them having a reason to go into hospital.

Additionally, a number of families have approached us to provide more care services for their loved ones. Those requests have enabled us to identify the need to provide a service that supports parents who may have young adults living with mild mental health disorder or physical disabilities to be able to provide care, support and companionship as required. We also recognise that many families need a regular break from their caring role and support to meet the physical, mental and emotional challenges that can arise when caring for a loved one.

Our aim is to be able to provide the relevant support and care to enable those families to receive the right support, the right care and at the appropriate level and pace to meet the individual's needs.

It is our aim for everyone to be united behind a vision to establish an exceptional care service that is of a platinum or better standard. At Jessamy Platinum Homecare, quality will always override quantity as we strongly believe that each person deserves the very best of everything available to the people we serve.

At Jessamy Platinum Homecare we provide support to enable families to have short breaks and help families and young people to access the support they need, which enables them to be able to have quality time for well-being, do activities they enjoy and increase their independence. Jessamy Platinum Homecare will arrange more needed support for families in need and provide exactly the 'needed and wanted' quality help from kind, caring people.

Families will be supported and signposted if need be, so they can also use a wide range of other services or creative solutions in their support plan.

We aim to support families to enable people living with disabilities, so that they can continue living at home with the care and support needed.

- We will not compromise care for cost.
- We will deliver the highest standard of care from the very best staff and management team.
- We will step away from local government contracts, if our platinum standard is at risk of being compromised
- We will help create an environment where all the people in our care can continue to feel loved, safe and they can continue to blossom and thrive.
- We will only work with people who understand the importance of and want a "Platinum or above standard" quality care; delivered in a kind, caring and supportive way, every time.

In deciding to register with CQC the directors made a conscious decision to hire the best in the field of health and social care to lead our Jessamy Platinum Homecare because, we are serious about never compromising on our platinum and above standard. No expense will be spared to always achieve outstanding user involvement results.

Our Registered Manager, Bimpe Kuti is passionate about service user involvement in educating healthcare professionals and in her current role helps student nurses develop a compassionate approach to care practice. For her PHD in Public Health thesis Bimpe explored in depth the: 'Understanding the Dynamics of Service User Participation in Healthcare Provision' and she brings in her incredibly valuable knowledge and professionalism to Jessamy Platinum Homecare. We are the only homecare provider in Bolton and the surrounding area that is led by such a high caliber, qualified, passionate and experienced Health and social care educator,

therefore we have every assurance in her ability to deliver an outstanding domiciliary care service in Bolton and beyond.

Our chosen Nominated Individual, Pauline Vuyelwa Muswere-Enagbonma is a devoted caregiver who is very involved in the practical delivery of person-centered care.

She is a mother of six children with different care needs.

Pauline has first hand experience of living with limiting disabilities, hence sensitive to the needs of vulnerable people.

Our management team has extensive experience in the following aspects of homecare plus more:

- Providing significant individual support to service users, helping them to achieve personal goals.
- Ensuring service delivery according to policies, procedures and practices.
- Keeping service user records and medical information on Care planner, in line with service user confidentiality laws.
- Building strong relationships and encouraging trust with service users by providing continuous support and delivering best possible care.
- Monitoring service user health, behavioral and physical changes, reporting concerns to home managers promptly.
- Educating and advising service users on prevention and improvement methods for various physiological and psychological conditions.
- Conducting examinations to determine service user illness or injury to help develop tailored treatment plans for an efficient recovery.
- She also has relevant managerial experience in running and coordinating the services at Jessamy Platinum and managing the staff team.

Our qualified and continuously trained and experienced staff will offer support to enable our service users to retain their independence and wellbeing in the comfort of their own homes. Our services are designed to promote individual well-being, keep people safe and enable people to do as much as they can for themselves. We believe that our services will be fundamental in serving our community in Bolton and surrounding areas and will be instrumental in providing effective care in the community. Our impact could be pivotal in reducing the high needs of our service users going into bed-based services such as residential and nursing homes, hospitals and/or other formal care-based settings.

We believe in supporting our service users to retain their independence and wellbeing in the community.
